

**Fresenius Jubi Health Check**  
**A milestone for your health.**

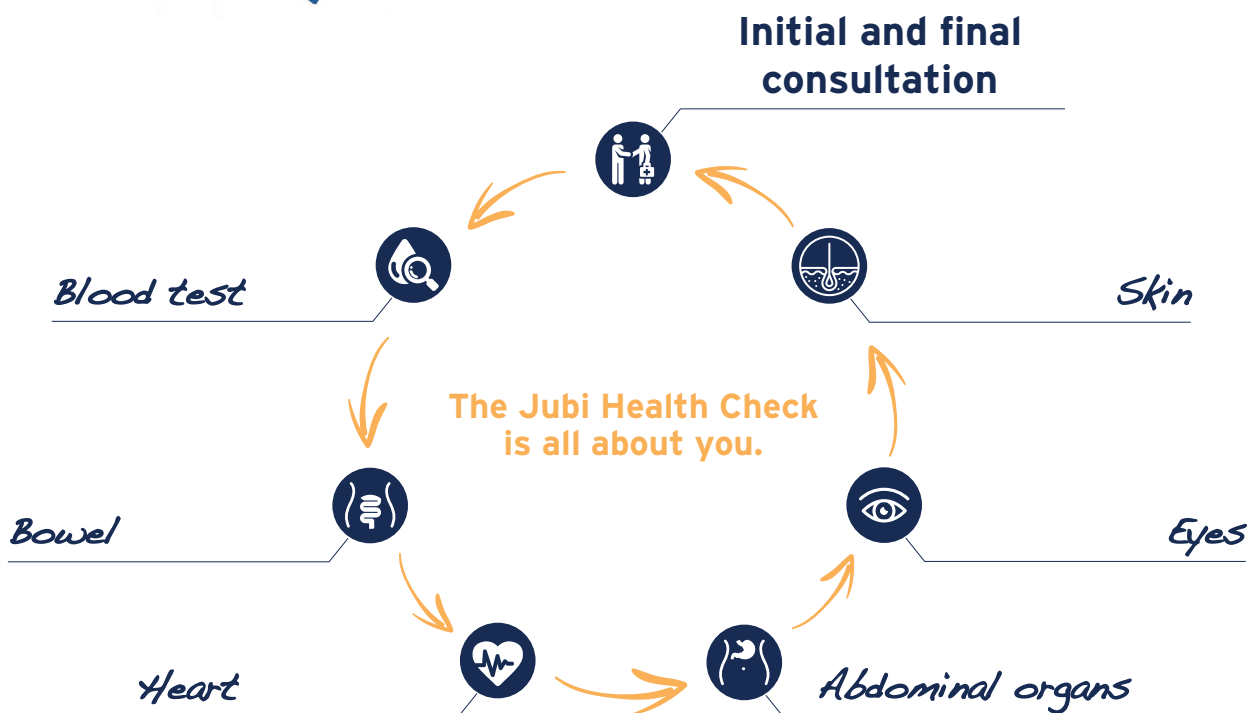

## TAKE CARE OF YOUR HEALTH!

**Our health is our most valuable asset**, and we should all take good care of it. That is why we invite our jubilarians to attend an exclusive checkup at a HELIOS Prevention Center (HPC) - the Jubi Health Check.

What makes this special is that you come as a client, not as a patient - since the focus is on **prevention**. As the health care group, we intend to make an important contribution to your good health up to your well-deserved retirement - and beyond.

**Taking part.** You can take advantage of the Jubi Health Check every 5 years, starting from your 10<sup>th</sup> anniversary as a tariff or non-tariff employee in a participating Fresenius company.

Angela Linker, Fresenius  
employee since 2005

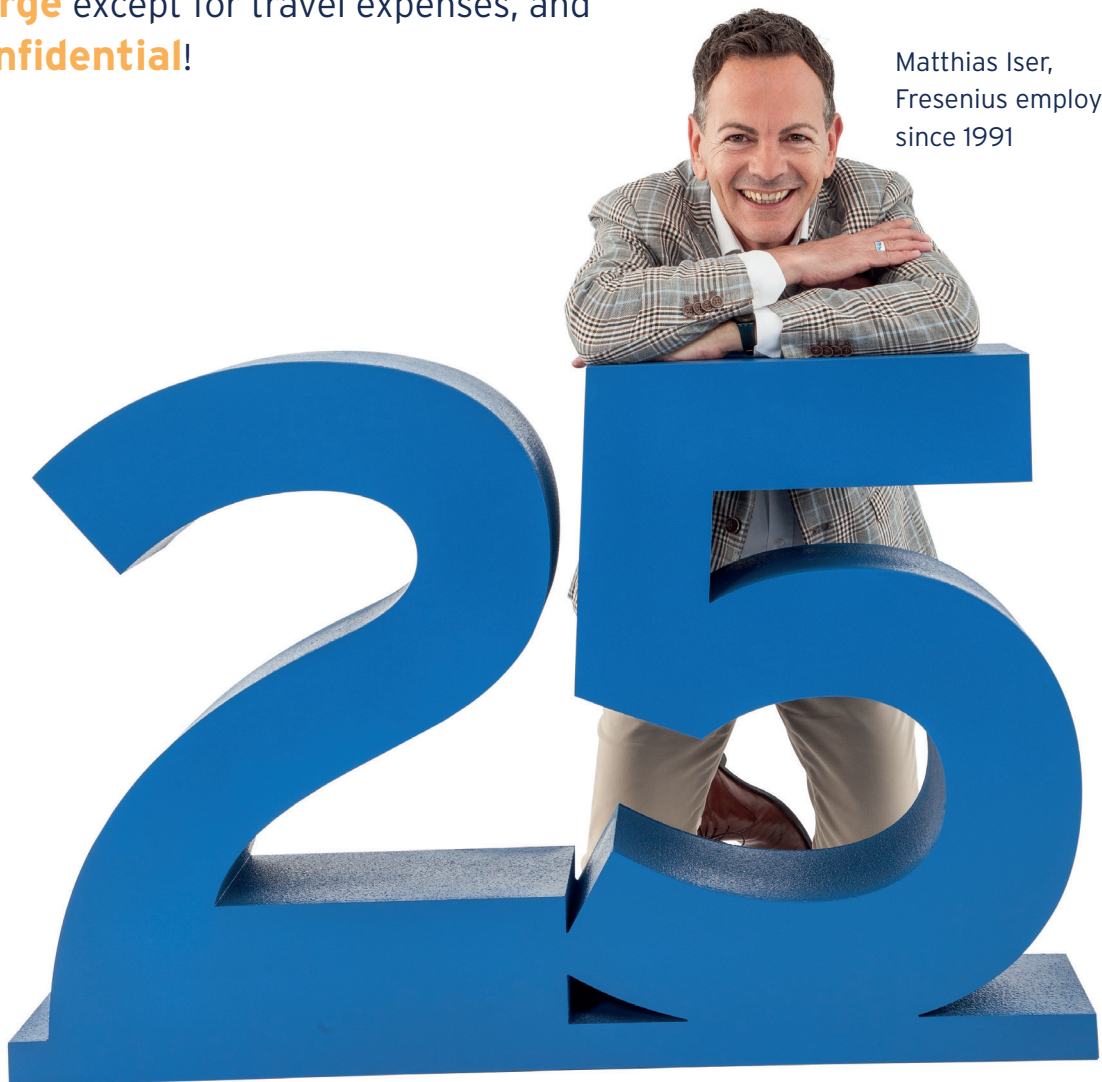

## A MILESTONE FOR YOUR HEALTH.

- ➔ The examinations go much **more in depth** than those provided by statutory health insurance companies.
- ➔ You are examined by a **range of specialists** - from dermatologists to ophthalmologists.
- ➔ All tests are carried out on **the same day**.
- ➔ **An internist will accompany** you through the day.
- ➔ The results of each test are combined to form an **overall picture** of your health.
- ➔ You receive a **medical report** containing all the medical details and **a comprehensible summary**.

Of course, the Jubi Health Check is **voluntary**, **free of charge** except for travel expenses, and **strictly confidential**!
