Childcare allowance

Does the allowance increase if I have more than one child?

There is an allowance of up to EUR 38.35 per month for each child. However, the allowance from the FlexBenefits budget does not increase.

Which costs are subsidised?

The costs for childcare and meals are subsidised.

What happens during periods without (continued) payment?

Employees without ongoing remuneration (e.g. during parental leave) are not entitled to the FlexBenefits Budget and can therefore no longer take advantage of the offer. In the event of illness, the allowance will continue to be paid for up to 12 months. A new application is only possible when you receive a regular salary again.

How long is the allowance paid for?

The application is only valid for one 'kindergarten year'. The form must be resubmitted at the end of the 'kindergarten year'. A kindergarten year runs from 1 July to 30 June of the following year. Exceptions are Bavaria and Saarland with 01.08. - 31.07. of the following year. The additional payment as part of the FlexBenefits budget is paid for as long as the kindergarten allowance is received or until a change of purpose is applied for. The allowance must then be reapplied for.

Tax and social security

Both the kindergarten allowance and the allowance from the FlexBenefits budget are exempt from tax and social security contributions.
